I'm sorry...
I shouldn't have lost my temper at you...
It really is none of my business...
Forget it...
Xiao Qu.....
Have you ever considered that one day...
You should just tell the whole truth to your family?
What's the point of doing something bad then.....?
What would telling the truth solve?
It would only add to their worries...
Why do we need to forcefully involve reality in their faces...
But, Xiao Qu....
Are they really the ones who can't face reality...
Or is it just me?
No!
I'm not going back!

What's wrong with the way things are now..?
Why do you need to choose me now!?!?
You haven't been home in a week, your family must be worried...
I've already told you, you don't need to worry about them.
I've already taken care of everything...
There won't be any problems...
What parent would just let their child live in a stranger's house!?
Not to mention that you are still in highschool.....
What's wrong with being a highschooler!?!
What's wrong with a little age difference!?!
Why do you always treat me like a child!?
Why can't you just trust me!?!
If you want me to... trust you...
Then why do you never tell me anything about your family?
If there really is no problem, then why do you keep making up excuses to distract me...!?
How can I let you keep lying with me if it's like this?
Please don't be delusional anymore...
I'm doing this for your own good too...
So it would be okay if I just told you?
You would be able to help me resolve it!
Would you tell them that you want me to stay?
Would you tell them that you are my girlfriend?

Or will you
be the same
as you are
now.....

Only holding hands with me when there's no one else around……

Telling people that you are my aunt.....

Pretending to be the 'Doctor Wei' that everyone likes.....
Ding Yi, I.....

Is it really me that you're worried about?
Or are you afraid that people will find out about your secret?

If it's for my good.....
Then why do you have to push me away.. ?

I'm sorry...

I won't...
I won't push you away...

We'll figure out a solution together....
You can't push me away again...
